THANK YOU Esther Perica!

Esther Perica, 2007

Special thanks to Esther Perica for her excellent history of Rolling Meadows, *They Took The Challenge*. It was commissioned by the Rolling Meadows Library and published in 1979. For those that want to learn more about Esther's book, it is available for circulation at the library. Thanks Esther for your encouragement and thorough research. Without your book, this project would have remained in the "design" phase for quite some time. You are one of Rolling Meadows' treasures!
