**Staff Recommends** the library purchase four (4) chairs as described in Option 2 (Corporate Concepts / Integra). Of the three chairs, Option 2 is by far the best built. This option also allows for custom fabric selection which will match the fabric used in the department for the large arm chairs by the tree area. They have worn exceptionally well. As our previous chairs were used for over 30 years, we feel the most long-lasting, sturdiest option is the best choice.
